Like all ELCargo's mechanical tarp systems, the 421 can be fitted to almost any open top trailers. It offers the same benefits as all of ELCargo's systems: water tightness, the toughness of their anchoring hooks, easy and quick to operate, and most of all, **sizable fuel economy by as much as 14.93%**. Versatile, they can handle any type of bulk transportation including sand, grain, hazmat, etc. ELCargo systems protect your cargo from bad weather, while also protecting the environment.
